**V. PLANNING AND ZONING COMMISSION REPORT** – *Ald. Maurath, Liaison*

❖ **Announcements:**

There were no announcements.

❖ **Public Hearings**

- **CASE 2022-SUP-02:** A Petition by Matthew Cragun on behalf of Chase Bank for a Special Use Permit for a Freestanding ATM at 190 Gravois Bluffs Circle. The property is zoned “C-1” Commercial District.

There were no public comments.

- **CASE 2022-REZ-01:** A Petition by Infinity Hospitality, LLC/FTN Investment, LLC to rezone a 1-acre portion of a tract of land described as being part of Lot 4 of Breck Industrial Court and part of Breck Industrial Plat No. 3 from “HP-1” Hospitality Park to “BP-3” Business Park. The property is addressed as 800 S. Highway Drive.

There were no public comments.

- **CASE 2022-REZ-02:** A Petition by Johnathan Fowler of Fowler Development Company, LLC to rezone an 8.9-acre portion of a tract of land described as being part of Lot 4 of Breck Industrial Court and part of Breck Industrial Plat No. 3 from “HP-1” Hospitality Park to “BP-3” Business Park. The property is addressed as 800 S. Highway Drive.

Joel Glasscock, Senior Project Manager, and also Evan Glantz (present) and Margaret Ritter - *via video conference*, Steadfast City, 6415 Lansdown Avenue, St. Louis MO working with Fowler Development Company, – he stated he was a Certified Planner with a background in local municipal planning and public policy, and shared presentation (attached as part of the minutes). He stated he is respectful and understands importance of zoning codes but alternative solutions should be available for special circumstances, such as 800 S. Highway Drive. Mr. Glasscock shared new variation of proposal for project opportunity, which included addition of a retail building on the front west portion of the property to help maximize use of site allowing a split use of parcel with “HP-1” to the west and “BP-3” to the east for consideration, or additional building could also be “BP-3” and rezone entire parcel “BP-3”. This design would allow access to the large MSD easement running through the parcel.

Robert Siergiej, Architect for Fowler Development Company, 55 Eagle Cove Lane, St. Charles MO, shared he has never seen an easement this wide in the middle of a site plan. He believes the existing easement will prompt smaller developments on the site. They believe they can place their building to the east of the easement as proposed. He believes other developers may have difficulties if they would want to maximize their frontage.

Mr. Glasscock shared he believes that the proposed rezoning to “BP-3” would be consistent with the character and scale of surrounding parcels and noted that the front of the proposed building is an allowed use within “HP-1”. Mr. Glasscock expressed the warehouse portion is what is causing the need for rezoning. Mr. Glasscock shared their analysis of the economic impact they believe the rezoning and improvement to the property would bring to surrounding areas.

Mr. Glasscock shared pictures of the current deteriorated condition and safety concerns of the property. He believes removing the structure will improve the property and reduce the number of calls for service with the police department that would allow a more efficient use of their resources.

- **CASE 2022-TXT-01:** A Petition by Michael Marschuetz of STL Athletic Center, LLC to amend the definition for "Indoor, Unlimited Recreation Facility” under Section 400.030 of the Zoning Code to allow for outdoor activities related to the primary use in the principal building.

She stated it seemed to follow St. Louis County geocache policy. Ms. Dabler expressed they had concern with item #3 biodegradable containers, as that would not protect the item(s) in the container over time and suggested removing the biodegradable wording from the policy. Alderman Jokerst shared that she had found Geocache containers that were broken and non-biodegradable pieces remained from unmaintained containers. Ms. Dabler stated it is part of their policy if containers are found damaged, when geocache is logged, the owners receive a notice, report of the damage, and also a geocache review. She also noted most hunters have replacement containers and if they believe the container has been abandoned, they can remove it.

Ms. Dabler also suggested item #7 registration link information be changed to geocaching.com and that Groundspeak, Inc. be listed as they are the governing geocache organization, not SLAGA.

After discussion, Alderman Jokerst rescinded her second. Alderman Huels rescinded her first.

Alderman Maurath made a motion that Bill No. 22-23-A be enacted as Ordinance No. 4212. The motion was seconded by Alderman Clauss.

Alderman Heard inquired on clarification if this rezoning was approved would it set a precedence. City Attorney Erin Seele replied no, rezoning is reviewed on each property to determine if that property is currently zoned reasonable and if it is in the best interest to rezone that property based on location, characteristics at the present time, etc. Alderman Huels asked for clarification on boundaries. City Attorney Erin Seele shared this request is only for rezoning for the 1- acre portion of the parcel. The owners of this property also own the adjoining property at 1850 Larkin Williams and for years they have used this 1-acre for parking for the 1850 property. They have an additional request for a boundary adjustment to move the property line of this parcel that will allow this 1- acre to become part of 1850 Larkin Williams and have all the properties zoned as “BP-3”. Best practice if boundary adjustment approved is not to have one property have two (2) zoning classifications. Alderman Clauss inquired if this ordinance influenced any of the following ordinances for consideration. City Attorney Erin Seele replied, no.
